

SAFETY DATA SHEET

Section 1 – Identification

Product Name: Natural Yellow Beeswax Pellets

INCI: Cera Alba

CAS: 8012-89-3

Recommended Use: Cosmetic raw material

Section 2 – Hazards Identification

Not classified as hazardous according to EU Regulation (EC) No 1272/2008 (CLP).

Heated product may cause burns.

Section 3 – Composition

100% Cera Alba

Section 4 – First Aid Measures

Inhalation: Not expected hazard.

Skin Contact: No hazard at room temperature.

Eye Contact: Rinse with water.

Burns (molten wax): Cool with water, do not peel hardened wax, seek medical advice.

Section 5 – Fire Fighting Measures

Suitable extinguishing media:

Foam, CO₂, dry powder

Avoid direct water stream.

Section 6 – Accidental Release

Solid form: Sweep and collect.

Molten: Allow to solidify before removal.

Section 7 – Handling & Storage

Avoid overheating.

Store below 25°C.

Protect from moisture and direct light.

Section 8 – Exposure Controls

No specific occupational exposure limits established.

Section 9 – Physical & Chemical Properties

Appearance: Yellow pellets

Odor: Honey-like

Melting Point: 61–65°C

Solubility: Insoluble in water

Section 10 – Stability & Reactivity

Stable under recommended storage conditions.

Avoid strong oxidizing agents.

Section 11 – Toxicological Information

Low toxicity.

Not considered skin irritant under normal use.

Section 12 – Ecological Information

Biodegradable natural wax.

Section 13 – Disposal

Dispose according to local regulations.

Section 14 – Transport

Not classified as dangerous goods.

Section 15 – Regulatory Information

Complies with EU Cosmetic Regulation 1223/2009 as cosmetic raw material.

Section 16 – Other Information

Information provided for cosmetic manufacturing use only.
