Technical Data Sheet (TDS) - Satsuma

Product information | Nominal formulation

Product description

Glycerin-based colour concentrate for bath bomb formulations. Shade: Orange (visual inspection of finished batches required).

Nominal formula

Identifier	Nominal concentration
Glycerin	99.0% w/w
CI 19140	0.6% w/w
CI 16035	0.4% w/w

Formulation guidance

Determine suitable addition rate by trials in the intended bath bomb formulation. Check colour release in bath water, uniformity, staining potential, compatibility and local colourant-use restrictions.

Storage and shelf life

Keep tightly sealed, protected from contamination, water, direct light and excessive heat. Product-specific shelf life is 36 months.
